(b) The price of milk (Toned, Double Toned and Full Cream) in Delhi increased once by Re. 1 during 2005-06 and twice by Re. 1 each in 2006-07 (till date). The high price of milk powder in international market which resulted in higher exports of Skim Milk Power (SMP) was the major reasons for the increase in price of milk. However, since February 9, 2007 export of milk powder has been prohibited till September 30, 2007.

(c) and (d) Government has taken various measures to control inflation. These include reduction in prices of petrol and diesel, allowing import of wheat and pulses at zero duty rates, banning export of pulses, wheat and SMP, reduction in import duty on edible oils and several other commodities, ban on futures trading of some pulses and stringent regulatory measures for futures trading in various other commodities. Government is also monitoring the price situation on a regular basis.
